

Dear First Reader,

Thank you for expressing interest in pre-ordering Greek Shadows. The current price is \$16/15 euros per novella (shipping included).

In order for us to print and distribute Greek Shadows, we will need to have at least 500 preordered books.

While we continue to work on creating a platform on our website for you to securely enter your information (but not be charged until the 500-book threshold is reached), we are creating a list of interested readers, who we will contact once the platform is made.

**Please email us your name here: [info@printimeditions.com](mailto:info@printimeditions.com) and how many books that you would like to preorder. We will add your name to a list on our website. When the “holding payment platform” is constructed, we will contact you to enter your credit card information.**

Once the threshold is reached and the book is published, you will receive your book(s) and your name will be published in the acknowledgements of Greek Shadows as a First Reader.

Thank you for your support.

Sincerely,

John Knych
